Detailed Monthly information for the month of April, 2019

Important Policy decisions taken and major achievements during the month:

1. Ministry of Civil Aviation

A. Passengers carried by domestic airlines during Jan, 2019 were **354.53 lakhs** as against **337.90 lakhs** during the corresponding period of previous year thereby registering a growth of **4.92%**

B. In coordination with CBIC, D/o Revenue, the policy for re-export of aircraft upon termination or expiry of the period of the lease of the aircraft was reviewed. Through a simplified procedure, the lessor of the aircraft would now be able to enter into a new lease agreement with another domestic scheduled airline operator, without first re-exporting the aircraft and then re-importing of the same by the new lessee. In April, 16 aircraft have thus been re-leased within India after a number of aircraft were deregistered by DGCA following the invocation of Cape Town Convention provisions by the IDERA Holders of these aircraft.
